Mosman Waters

A unique elevated riverside development remembered as one of the very last of its kind.

LOCATION: Nestled between parkland and the beautiful Swan River, Mosman Waters offered peace and privacy in a riverside setting only a short drive from Perth, Fremantle and of course the magnificent Western Australian coast.

Mosman Waters has been acknowledged as one of the rarest and most outstanding developments in Perth during the last century.

It was developed by Cape Bouvard and comprises 79 lots ranging in size from 474 to 1058 sqm. The estate offers a prestigious lifestyle with a location boasting magnificent views across the Swan River yet just minutes by car from Perth and the port city of Fremantle. For the energetic, the location offers charming scenic walks and cycle tracks at their doorstep and within walking distance no fewer than 21 local parks, Chidley Point Golf Course, Mosman Park Tennis Club and two of the State's most respected private colleges.

Today, with the estate completely sold, quality homes abound and those offered for resale in the highly desirable pocket of land are rare indeed.
